

Mentoring Newsletter June 2022

Celebrating a successful Programme 4.0 and looking forward to what's next...

CREW UK Connects Mentorship Programme 4.0 provided over 170 hours of mentoring offered by 27 industry leaders and innovators from February to June 2022.

Celebrating Programme 4.0:

After another successful programme, CREW UK members, mentees, mentors and guests very much enjoyed the Coffee Connect event on June 14th at Colliers offices on George Street.

Programme participants celebrated Launch 4.0 and reflected on 5 months of connecting and collaborating. We heard inspiring words from Marlies Hoogeboom, Jade Grantham and Paddy Allen, followed by networking over a cup of tea! It is lovely to finally be getting back to normal with in-person events. Thanks to all those who attended, we look forward to seeing even more of you at future events.

Mentee & Mentor Testimonials:

"The mentorship programme has been an invaluable experience for me in meeting successful people from a variety of different backgrounds. Every conversation I've had has been extremely insightful and I have received useful advice which I know will help me progress in my career. It has been really helpful to hear about my mentor's own personal experiences, gaining a new perspective and learning about new ways in which to further both my career and personal development."

- Lauren Raw, Chartered Surveyor, Family Office Real Estate Investment at Deloitte

"I have found it such a rewarding and valuable experience to support and give back to talented female professionals in the industry. It's something I wish I had access to when starting out in my career. The conversations with mentees have been inspiring and offered me valuable insights and perspective also, I believe there is an element of reverse mentoring that enriches my thought process, and I am delighted to continue to support the programme."

- Marlies Hoogeboom, Director, Hoogeboom Ltd

Looking ahead to Programme 5.0

The Committee is working diligently behind the scenes to deliver Mentorship Programme 5.0. Following feedback from our mentors and mentees, a shorter programme will take place for 3 months between mid-September and mid-December. Additionally, new mentors have been introduced to Launch 5.0. If you have industry connections that would benefit from participating as a mentee, please share the details.
